WHO'S NEXT?®

Dear Friends:

Morehead State University is committed to upholding the highest integrity within all procedures and practices of the athletic department. We are pleased to publish this note as a reference to understanding often confusing NCAA regulations.

The NCAA defines "representatives of athletic interests" as alumni, friends and boosters of the University. All member institutions are held accountable for their representatives' actions. One violation could jeopardize the eligibility of any or all Eagle Athletic programs.

As a general rule, anyone who has financially supported Eagle Athletics, been a member of any booster organization, or who has supported Eagle Athletics is considered a "representative" of Eagle Athletics.

Prospective student-athletes can be defined as a student who has started classes in the ninth grade or any younger student-athlete who has received a benefit from the institution. These individuals may only be recruited by MSU coaches who have passed the NCAA Recruiting Rules Examination. While "representatives" of Eagle Athletics may speak to any of these individuals via telephone or in person, a recruiting effort must not be made. Also, no student-athlete or prospective student-athlete may receive any extra benefit outside of the support provided by the institution. For any questions regarding this description, please contact Jim Wells, Compliance and Eligibility Coordinator, 606-783-5136.

These are certainly not all the regulations any "representative" of Eagle Athletics must remember. However, they provide a good outline of the types of things that could endanger the eligibility of any MSU Athletics program. Again, feel free to contact us if you have any questions. Thanks again for your support of Morehead State Athletics.

Sincerely,

Jim Wells

Compliance and Eligibility Coordinator

Morehead State University believes that Intercollegiate Athletics is an integral part of the University and that a broad-based intercollegiate athletics program encourages student participation and involvement in the total life of the University. - Each athletics program shall be conducted in a manner that protect the physical, mental, emotional, and social welfare of each student-athlete.

## Morehead State Receives the Ohio Valley Conference Sportsmanship Award

Morehead State University was named the recipient of the Ohio Valley Conference's annual Institutional Sportsmanship Award for 2006-07.

Presented on June 1 at the League's annual Honors Luncheon in Nashville, Tenn., the award goes to the Conference institution selected by its peers to

have best exhibited the standards of sportsmanship and ethical conduct as outlined by the OVC and NCAA.

"Sportsmanship is a core value of the Ohio Valley Conference," said OVC Commissioner Dr. Jon A. Steinbrecher. "This award provides us with the opportunity to recognize excellence in sportsmanship as well as reinforce and celebrate the importance of ethical behavior in how our institutions conduct their programs.

"Winning is certainly important - it is why we keep score," continued Steinbrecher. "But equally as important is how our student-athletes, coaches, administrators, and fans conduct themselves. As a Conference, we believe it is important to win with humility and be magnanimous in defeat. The administrators, coaches, student-athletes and fans at Morehead State are to be commended for their diligence in maintaining the high standards set forth by the OVC and NCAA."

The award, which was implemented in August 2003, is one of three accolades bestowed by the Conference to honor sportsmanship. In 1998, the league established the Steve Hamilton Sportsmanship Award, presented annually to a male or female student-athlete of junior or senior standing who best exemplifies characteristics of the late Morehead State University student-athlete and athletics director by way of significant athletics performance and good sportsmanship and citizenship.

"This is an honor that we're extremely proud to accept," said MSU Director of Athletics Brian Hutchinson.

"It is especially gratifying to be honored in this manner by your peers. I salute our student-athletes, coaches, fans and athletics staff."

For the past two years, the league has presented team-specific sportsmanship awards to programs at OVC member institutions based on the conduct of student-athletes, coaches, staff and administrators and fans, and voted on by the league's coaches and student-athletes in each respective sport. MSU was awarded the team-specific award for women's basketball earlier this year.

Southeast Missouri State won the inaugural award while Samford had won each of the past two years.

In 1995, the Ohio Valley Conference implemented a first-of-its-kind "Sportsmanship Statement," a policy promoting principles of fair play, ethical conduct and respect for one's opponent. The statement answered the challenge of the NCAA Presidents Commission to improve sportsmanship in collegiate athletics, and has become a model for others to follow across the nation.

# Morehead State Wins Third Straight OVC Institutional Academic Achievement Award

Morehead State University has been awarded the 2006-07 Ohio Valley Conference Institutional Academic Achievement Award Presented by Aeropostale, the third consecutive year the institution has won the award. The award is presented annually to the member institution with the greatest

percentage of its student-athletes named to the OVC Commissioner's Honor Roll for that academic year. Murray State University finished as the runner-up and were closely followed by Tennessee Technological University, Austin Peay State University and the University of Tennessee at Martin.

It marks the eighth time overall that Morehead State has claimed the honor in the 21-year history of the award; that ties Eastern Kentucky for the most awards in OVC history. EKU is the only other institution to win more than three straight awards; the Colonels won four straight from 1988-89 through 1991-92. Austin Peay, Jacksonville State University, Tennessee-Martin, Tennessee State University and former member Middle Tennessee State University have earned one award apiece.

"We spend a lot of time talking about and demonstrating to student-athletes that academics are very important and that you can have balance between being a great student and a great athlete while in college," said MSU Director of Athletics Brian Hutchinson. "I applaud the efforts of our more than

350 student-athletes and congratulate them on this very important honor. This brings more positive reflection to the efforts of Morehead State Athletics, and we are very proud to be part of this achievement."

The league also announced the recipients of 17 OVC Team Academic Achievement

Awards Presented by Aeropostale, which are presented annually in each Conference-sponsored sport to the member institution's team with the greatest percentage of its student-athletes named to the OVC Commissioner's Honor Roll. Three Morehead State teams were honored: Baseball, Men's Tennis and Women's Tennis.

"We're pleased Aeropostale continues to support us in recognizing the academic achievements of

our student-athletes," said OVC Commissioner Dr. Jon A. Steinbrecher. "This Conference takes great pride in the success of its student-athletes, not only on the playing field, but more importantly, in the classroom.

"The Academic Achievement Awards Presented by Aeropostale are a very visible reminder of the values of the Ohio Valley Conference," continued Steinbrecher. "Morehead State University deserves to be proud of this significant accomplishment by its student-athletes, as do the institutions who received team awards. Furthermore, all of our member institutions are to be commended for the academic achievement of their student-athletes."

For the second straight year a Conference-record number of student-athletes have been awarded the Ohio Valley Conference Medal of Honor. The Medal of Honor is given annually to the student-athlete who achieves the highest grade point average in a Conference-sponsored sport. Last season 105 student-athletes received the award; this season 135 student-athletes earned the 2006-07 honor. All of those student-athletes achieved a perfect 4.0 grade point average. Of those 135 award winners, 13 were awarded Medals of Honor for multiple sports.

MSU had 15 student-athletes honored with Medals of Honor a total of 16 times. MSU's winners in this category were: Jarred Seasor (Baseball), Jessie Plante (Women's Basketball), Steve Thieme (Men's Cross Country and Men's Track and Field), Zack Unger (Men's Golf), Trey Wilkerson (Men's Golf), Lindy Nettleton (Rifle), Lindsey

Bishop (Soccer), Rebekah Kendall (Soccer), Shannon Smith (Soccer), Joelle Sprague (Soccer), Trista Stark (Soccer), Becky King (Softball), Brittany Scheer (Softball), Heather Butt (Women's Tennis) and Nicole Dodd (Women's Track and Field).

The OVC also announced that 1,023 student-athletes were named to the 2006-07 OVC Commissioner's Honor Roll. To be listed, recipients must have achieved at least a 3.25 grade point average and have been eligible and on the team throughout the competitive season in their chosen NCAA-sponsored sport or sports. Those numbers included 62 student-athletes who compete in non-OVC championship sports (i.e. Southeast Missouri gymnastics, Eastern Illinois men's soccer) and 67 student-athletes who were recipients in multiple sports.
